Jamie,

I'm copying Jennifer DiMaio on this email regarding the request to participate in this afternoon's meeting on harmful algal blooms, as Jennifer forwarded me the meeting request and would know if there's any issue or problem with you participating. I will not be able to participate in that meeting, but I have no problem with you participating if Jennifer's OK with it.

I apologize for not responding earlier about the meeting with the Tribes,

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I very much appreciate your interest in participating in meetings, and I don't want you to be discouraged from asking to participate in future meetings of interest. If you're interested in learning more about 404 assumption, we will be hosting 2 public hearings on Oct 21 and 27, and I suggest either of those would be good candidates. In general, I think Bill and Rosemary would have great ideas about other good opportunities for meetings to learn from.

Tom

Hi, Jamie – My apologies, as I missed this before the assumption presentation. I'm bumping to make sure Tom has seen your question for the algal bloom meeting Thursday. Most of what's on the horizon is weedy or limited groups for tribal consultation, but I'm keeping your request in mind.

Subject: Meeting Request

Tom,

Could I be allowed to silently attend the 2:00 Assumption presentation tomorrow and the 1:00 Algal Bloom meeting on Thursday?

I think I could greatly benefit from the presentation, as it would provide some context to the raw knowledge I gained from reading the regulations. As for the Algal Bloom meeting, this is a topic of great interest to me since I spent about 5 years in the Great Lakes region, and the various ecological impacts were discussed at multiple conferences and meetings.

If allowed, could someone please send an invite to the meetings?

Thank you!

Jamie Becker
